For adds/drops, lateral changes, or academic skill level changes, for the same number of units at the same campus location, students will not incur an additional Student Body Center Building and Operating fee.

Students are also exempt from paying the Student Center Building and Operating fee if they are a recipient of benefits under the Aid to Families with Dependent Children program, Supplemental Security Income/State Supplemental Program, General Assistance Program, or a recipient of the California College Promise Grant.

Eligibility for these exemptions must be verified through the Financial Aid office.

Student Representation Fee

The Student Representation Fee of \$2 provides support for student representatives to lobby for legislation such as bills to keep enrollment fees at the lowest possible level and to be expended to establish and support the operations of the statewide community college student organization. Obligation for Payment

Failure to make payments of tuition, fees or other amounts owed the college when they fall due is considered sufficient cause to place a hold on the student account, which would prevent students from future registration activities.
