

Recreation Management

Award Type: Associate in Science

The Associate Science degree in Recreation Management prepares students to either obtain middle level positions in the Recreation field or advance from entry level positions in all areas of recreation. Students can also transfer to a four-year institution to pursue a baccalaureate degree in Recreation, Hospitality or Tourism Management.

The graduate of the Associate in Science in Recreation Management will:

- Demonstrate knowledge of career opportunities in the Recreation fields and understand the differences between the public, private, nonprofit, therapeutic and commercial settings.
- Demonstrate and apply learned leadership skills in a team building classroom environment.
- Apply and practice the skills of event planning for organizing community events.
- Apply the principals and theories of sports management for municipal, commercial and nonprofit agencies.
