

Wildland Fire Technology

WFT 101 Wildland Fire Behavior

3.0 units

Acceptable for credit: Transfer CSU

Advisories: WFT 302 - Basic Incident Command System I-200

A study of wildland fire behavior. Topics include influences that affect basic wildland fire behavior, the seven factors that must be continuously monitored in making wildland fire behavior predictions, and identification of the tools necessary to make spot fire behavior predictions. (S) (Letter Grade or Pass/No Pass)

WFT 102 Wildland Firefighter Safety and Survival

3.0 units

Acceptable for credit: Transfer CSU

Advisories: WFT 302 - Basic Incident Command System I-200

An exploration of the situations and conditions that result in fire shelter deployments, serious injuries and fatalities for wildland firefighters. (F) (Letter Grade or Pass/No Pass)

WFT 103 Wildland Fire Operations

3.0 units

Acceptable for credit: Transfer CSU

Advisories: WFT 302 - Basic Incident Command System I-200

An exploration of the command structure and operational processes for ground and air operations in the control of wildland fires. (S) (Letter Grade Only)

WFT 104 Wildland Public Information Officer, Prevention, and Investigation

3.0 units

Acceptable for credit: Transfer CSU

Advisories: WFT 302 - Basic Incident Command System I-200

Presents the roles and functions of the information officer, emphasizing fire prevention and investigation communications. (F) (Letter Grade Only)

WFT 105 Wildland Fire Planning, Logistics, and Finance

3.0 units

Acceptable for credit: Transfer CSU

Advisories: WFT 302 - Basic Incident Command System I-200

Explores the roles, responsibilities and functions of the planning, logistics, and finance sections that are utilized during the control of wildland fires. (S) (Letter Grade Only)

WFT 301 Introduction to Incident Command System I-100

0.5 units

Acceptable for credit: D - Credit - Degree Applicable

An introduction to the principles of the Incident Command System, its structures and terminology. (A) (Pass/No Pass)

WFT 302 Basic Incident Command System I-200

0.5 units

Acceptable for credit: D - Credit - Degree Applicable

Advisories: WFT 301 - Introduction to Incident Command System I-100

A continuation of Wildland Fire Technology 301 providing a basic introduction to the Incident Command System (ICS). Develops the foundation necessary for the student to participate as a member of a wildland fire incident. Topics include the principles and features of ICS, an organizational overview, incident facilities, incident resources, and common responsibilities. (A) (Pass/No Pass)

WFT 303 Intermediate Incident Command System I-300

1.5 units

Acceptable for credit: D - Credit - Degree Applicable

Advisories: WFT 302 - Basic Incident Command System I-200

A study of the organizational elements within each section of the ICS, staffing considerations, and reporting relationships. Not open to students who are enrolled in or who have completed EMS 313. (Pass/No Pass)

WFT 304 Advanced Incident Command System I-400

1.0 unit

Acceptable for credit: D - Credit - Degree Applicable

Advisories: WFT 303 - Intermediate Incident Command System I-300

A course of study that pertains to ICS relationships and duties of command staff members, Agency Representatives, and activation of the command general staff. Not open to students who are enrolled in or who have completed EMS 314. (A) (Pass/No Pass)

WFT 305 Multi-Agency Coordination I-401

0.5 units

Acceptable for credit: D - Credit - Degree Applicable

Advisories: WFT 304 - Advanced Incident Command System I-400

A course of study describing the major elements associated with developing and implementing an effective multi-agency coordination system. This course describes essential differences between Area Command, Multi-Agency Coordination Systems, and Jurisdictional Emergency Operations Centers. (A) (Pass/No Pass)

WFT 306 Incident Command System for Executives I-402

0.5 units

Acceptable for credit: D - Credit - Degree Applicable

Advisories: WFT 305 - Multi-Agency Coordination I-401

This course of study presents an ICS orientation for executives, administrators, and policy makers. It provides a basic understanding of ICS, unified and area command, and multi-agency coordination to those persons responsible for establishing or implementing policy, but who normally are not a part of the on-scene ICS organization. (A) (Pass/No Pass)
