

Health Services

Allan Hancock College Board Policy 5200

The objective of Student Health Services is to promote and preserve the physical and mental health of students. Clinical care services include nursing assessment of current health problems, interventions, health counseling, treatment of minor injuries, referrals to other health providers when appropriate, first aid and basic emergency care, and investigation and control of communicable disease. Students access services on a walk-in basis or by appointment. To maintain a high level of wellness, Student Health Services provides health education, health screenings, health and nutrition counseling, and a variety of campus-wide programs. Services are available at the Santa Maria campus and the Lompoc Valley Center. Services are supported by the student health fee and there is no charge for most services.

More information is available at the following link: www.hancockcollege.edu/studenthealth.

Mental Health Services

Students who are experiencing personal challenges which may be interfering with their college experience may obtain help from college mental health professionals who are available for individual counseling and, when indicated, can act as referral agents and advocates to community agencies.

Confidential services are available in the Student Health Services office. Students may be seen by appointment or on an emergency drop-in basis. There is no charge for these counseling services.

More information is available at the following link: www.hancockcollege.edu/counseling.

Student Insurance

Allan Hancock College Board Policy 5205

Allan Hancock College provides a limited accident insurance policy for students during their hours on campus or while they are participating in a college-sponsored activity or sport.

Student Health Services provides information about health insurance policies that students may purchase at www.hancockcollege.edu/studenthealth.
